

**TEMPLETON LANDING, BUFFALO, NEW YORK  
AUGUST 10TH & 11TH, 2012**

**I would like to take the chance to thank you in advance for participating in this year's event. We are looking forward to another *fun and safe run*. Last year we had great weather, hosted 62 boats, and over 200 people. We were able to run the river and lake course ending up at the beach! This was a big hit with our participants. With over 60 boats we paid out over \$3,000 in cash prizes and made a record donation to our charity.**

**This year we plan to grow this event with more boats and larger pay outs. We are excited to announce that last year's photographer Tim Sharky of Sharky Images will be returning. So if you did not get that perfect shot of your boat we can try again. Like last year he will be pre-selling packages through [www.sharkey-images.com](http://www.sharkey-images.com) with a money back guarantee if you do not like your photos.**

**Listed in this package are our itinerary, registration forms, and entry fees. We ask that the entry forms are back to us by July 1st, 2012 to receive the early registration price. Knowing that it is difficult to obtain a final count for the passengers on your boat prior to July 1st, 2012 we will allow you to add passengers at a later date without penalty. We ask that the boat and driver are registered. This will allow us to plan for parking and docking and to ensure our event runs smoothly and in a timely fashion. This year we will have 72 very nice gear bags for the first 72 drivers that register. We are adding this value to encourage you to register early.**

**As always, this is a *US Coast Guard Approved Event and PFD's are required when on plane*. Boats that do not follow the Rules and Safety Regulations will be disqualified. **NO EXCEPTIONS!** All boats participating in this event are required to carry insurance. Boats without insurance will not be able to run. We will refuse **ANY** boat without **INSURANCE** and or **PROPER PAPERWORK**.**

**Please have all paper work with you prior to run.
